To Whom It may concern,

I am more than pleased to have the opportunity to recommend Miss Nichapat Boonprasertsri (Pat) whom I work alongside for 1 year on the Software development team at MFEC Public company limited. Pat was always an outstanding member of our team, and I have always been impressed by her professionalism and admirable personal qualities.

As a System Analyst, Pat constantly demonstrated her remarkable design and analytical skills. Her attention to detail inspires the team to create an efficient system that customers can operate smoothly. Moreover, she can also supervise the project's details and the quality of the final output before delivering it to the client.

In addition to Pat's impressive portfolio of professional accomplishments, she has one of the best personalities I have ever had the joy of working with. She is devoted and motivates others to move forward. She always treats everyone in an amicable and welcoming manner. There is no one at our company that does not think of her fondly.

I wholeheartedly recommend Pat for this position. I am confident she will become an invaluable addition to your team. Please feel free to contact me if you have any questions regarding her character or past work.

Sincerely,

Tharidsawan Oantueng
